Butterflies taste
with their hind feet.

20/320 6.4M

Ducks will lay eggs only
in the morning.

20/250 5.0M

It is impossible to sneeze and
keep one's eyes open.

20/200 4.0M

In one day a full-grown oak tree expels
7 tons of water through its leaves.

20/160 3.2M

Camel's hair brushes are not made of camels hair.
They were invented by a man named Mr. Camel.

20/125 2.5M

The monkey wrench is named after its inventor, a London
blacksmith named Charles Moncke.

20/100 2.0M

A ball of glass will bounce higher than a ball made of rubber.
A ball of solid steel will bounce higher than one made entirely of glass.

20/80 1.6M

Panama is the only place in the world where one can see the sun rise on the Pacific Ocean and set on
the Atlantic, this is due to the bend in the narrow strip of land which divides the two oceans.

20/60 1.25M

The strongest bone in the body, the thigh bone, is hollow. Ounce for ounce, it can withstand greater
pressure and has more bearing strength than a rod of equal size cast in solid steel.

20/50 1.0M

The custom of serving a slice of lemon with fish dates back to the Middle Ages; the lemon was originally intended for remedial purposes, rather than to flavor
the fish. It was believed that if a person swallowed a fish bone, the lemon juice would dissolve it.
